

**ABOUT THE CENTRE:** GNC IELTS INSTITUTE was established on November 01, 2018 to cater to the demand of students to be provided with the coaching of IELTS, SPOKEN ENGLISH & GRAMMAR within the campus along with the regular studies. This demand was particularly from the students who commuted from nearby villages. They wished to pursue their academic programme and skill training under one roof. At present, the centre is providing the coaching for both the modules – Academic and General Training – to the regular students of the college as well as to the outsiders.

I would like to extend a heartfelt Thanks, to the entire GNC IELTS Institute, for providing me with the best of lessons possible, in such a limited period of time. Right from focussing on individual areas to the regular practice tests, it all helped me to ace the exam.

I would especially thank Ma'am Nehini for all her time and effort, even after the time of classes. Her natural way of teaching English, including general conversations, improved my spoken English really well. I could hardly realize that I was attending some classes, because the way I was being taught was very engaging yet enjoyable, because of all the activities and the ways Ma'am used. I am also very thankful for the kind of patience she portrayed, whenever I required extra attention and for all her concern towards me, throughout my time at the institute.

It was a really nice experience.  
Thank you so much.  
Ekambeer Kaur.

ARSHPREET KAUR

I joined English speaking course at GNC IELTS centre. It not only improved my speaking skills but also helped to boost confidence. Motivational audio clips, games, discussions, fun activities made English learning a fun. The healthy atmosphere of the classroom encouraged us to speak in English. It is one of the best investments I have made.
